

INTELLECTUAL ASSET CORPORATION (IAC)

Commercial Distribution & Licensing Enforcement Vehicle for Tewary Research and Development Lab (TRDL)

JURISDICTION: NEW DELHI, INDIA | CORPORATE REGISTRY REF: IAC-IND-2024-CORP

MANDATORY PRE-NEGOTIATION COMPLIANCE DIRECTIVE (SAMPLE SPECIMEN):

This questionnaire is a binding legal intake instrument under the IAC Master License Agreement (MLA). Every inquiry must complete all 12 statutory disclosures prior to preliminary licensing review. Unsubstantiated claims, shell entity arrangements, or unauthorized deployment intents will result in immediate disqualification and permanent archival in anti-infringement records. Execution must be performed exclusively by the petitioning organization's Chief Technology Officer (CTO) or Chief Legal Officer (CLO).

SECTION 1: CORPORATE ENTITY & OWNERSHIP VERIFICATION

Identifies entity identity and prevents proxy acquisition by hostile capital or undisclosed holding vehicles.

1. Full Legal Entity Name and Jurisdiction of Incorporation:

(Must match corporate charter, statutory registry numbers, and regulatory tax filings).

2. Beneficial Ownership Disclosure:

List any parent companies, holding entities, or institutional investors that maintain more than a 25% controlling stake in your organization:

3. Change of Control Acknowledgment:

Do you acknowledge that any future transfer of majority ownership within your company will require immediate renegotiation or result in the automatic termination of the IAC sub-license?

() YES, CERTIFIED AND ACKNOWLEDGED () NO (AUTOMATIC DISQUALIFICATION)

SECTION 2: FIELD-OF-USE & DEPLOYMENT SCOPE

Defines the immutable functional parameters of the license. Operational deployment beyond these boundaries constitutes a material breach.

4. Target Asset Designation:

Which specific TRDL framework are you petitioning to license?

- () VORASHI (Vector Oriented Reasoning Architecture with Stability Hysteresis Intelligence)
() GIOS (Geodesic Intelligence Operating System / CausalEngine Pipeline)
() IDM (Applied) (Information Disturbance Model / Pre-Geometric Compute)

5. Precise Commercial Application:

Provide a highly specific, technical description of how this architecture will be deployed in your commercial environment:

6. Restricted Sector Declaration:

Do you certify that this technology will NOT be deployed for fundamental theoretical physics research, defense/military applications, or foundational AI training models outside the approved commercial scope?

() YES, CERTIFIED () NO (AUTOMATIC REJECTION)

SECTION 3: INTELLECTUAL PROPERTY & DERIVATIVE WORKS

Enforces TRDL proprietary rights and enforces mandatory reciprocal grant-back covenants.

7. Derivative Architecture:

Will your engineering teams be building custom software, algorithmic layers, or UI environments on top of the licensed TRDL architecture?

8. Grant-Back Agreement:

If derivative works or optimizations are created using TRDL foundational frameworks, do you consent to a mandatory, royalty-free grant-back provision allowing TRDL to utilize these improvements for internal R&D?

() YES, UNCONDITIONALLY ACCEPTED () NO (DISQUALIFICATION)

9. Anti-Reverse Engineering Commitment:

What specific internal technical controls will your organization implement to guarantee our core source code and algorithmic logic are not reverse-engineered, decompiled, or independently replicated?

SECTION 4: SECURITY & OPERATIONAL AUDITING

Establishes IAC unilateral verification authority over all deployed enterprise runtimes and nodes.

10. Access Control:

Which specific internal departments (e.g., DevOps, Data Science) will have direct access to the licensed frameworks?

11. Sub-Contractor Prohibition:

Do you acknowledge that this license is strictly non-transferable and that no third-party contractors, vendors, or external agencies may access the TRDL architecture without explicit written authorization from IAC?

() YES, ACKNOWLEDGED & CERTIFIED

12. Mandatory Auditing:

Do you agree to submit to bi-annual, unannounced technical and financial compliance audits conducted by IAC to verify field-of-use restrictions and royalty accuracy?

() YES, BINDING CONSENT GRANTED () NO (DISQUALIFICATION)

MANDATORY OFFICER EXECUTION & LEGAL ATTESTATION

I hereby certify under penalty of perjury and contractual disqualification that I hold the executive title of Chief Technology Officer (CTO) or Chief Legal Officer (CLO), possess full legal capacity to bind the petitioner organization, and warrant all disclosures provided herein are accurate and complete.

AUTHORIZED SIGNATORY NAME: 	EXECUTIVE TITLE (CTO or CLO ONLY):
CORPORATE REGISTRATION NO. / LEI: 	DATE OF EXECUTION:
